FACILITATOR PROFILE:

The facilitator for this course is Ms. Hema Krishna. She has been teaching spoken and communicative English for over 15 years. In recent times, she has been teaching online using Zoom and Google Meet. She has been working with people from India (Tamil Nadu), Korea, France and Central America. She says her best experience has been with college students and factory employees in Tamil Nadu who have had little exposure to English. As a Tamilian, she has been able to help them with vocabulary and understanding grammar. She uses several tools to make her session student centric. Most of the activities in her sessions (almost 75%) involve student talking and participation. Her greatest passion is to try and understand people's learning style and using this to sustain and encourage their learning process.
