# **OBSERVANCE OF NATIONAL POLLUTION CONTROL DAY**

**02-12-2020**

The National Pollution control day is observed on the 2nd of December in our country. The aim behind the observance of this day is to become aware of the everyday acts that have resulted in the surge of pollution so that we can try to decrease them.

The National Pollution Control Day is also observed in the remembrance of the people who lost their lives in the Bhopal (capital city of Madhya Pradesh) gas calamity in 1984. Many innocent individuals lost their lives on the night of 2nd December in 1984, as a consequence of the MIC (Methyl Isocyanate) gas which is poisonous. The 1984 tragedy is one of the most horrific industrial pollution disasters in India. From this subject, our Trinity College for Women (Arts and Science), Namakkal observed a National Pollution Control Day on 2<sup>nd</sup> December 2020.

Dr. Arasuparameswaran, Director – Academic, Trinity College for Women spoke on the topic of “Need for pollution control for our society” on 2<sup>nd</sup> December 2020. This event was held through the video conferencing of Google Meet.

Dr. Arasuparameswaran explained the shortcomings of pollution like, air, light, litter, noise, plastic, soil, visual, water. Thermal, radioactive contamination, etc.,

More than 80 students took part in that webinar.

This programme was organized by Youth Red Cross, National Service Scheme and Red Ribbon Club. Mrs. S. Jayamathi, NSS Programme Officer (Unit 2) welcomed the gathering. Dr. M. Sasikala, NSS Programme Officer (Unit 1) proposed the vote of thanks.

The Chairman Mr. P.K. Sengodan, The Secretary Er. K. Nallusamy, The Principal Dr M.R. Lakshiminarayanan, Dr. R. Savithri, Programme Officer, Youth Red Cross, Mr. N.S. Senthilkumar, Programme Officer, Red Ribbon Club, Dr. G. Selvalakshmi, Assistant Professor & Head/Senate Member, Periyar University, Dr. N. # CELEBRATION OF WORLD EARTH DAY

22-04-2021

The Youth Red Cross Unit of Trinity College for Women, (Arts and Science), Namakkal organized a webinar on the occasion of World Earth Day on 22<sup>nd</sup> April 2021 from 3 pm to 4 pm with resource speaker Dr. G. Prabakaran, Guest Faculty, Department of Sociology and Population Studies, Bharathiar University, Coimbatore.

Trees play a major role in our day to day life. Plantations of trees are foremost as they improve the life and fulfil necessary needs of mankind. Trees are very main elements of the natural environment. Trees avert air pollution. Trees conserve our soil. Without trees, the land becomes a desert. Cutting of trees has added much to the deterioration of the environment. We must give importance to the plantation of trees for safeguarding our environment, he indicated.

Mr. P.K. Sengodan, Chairman of the College presided over the event. Er. K. Nallusamy, Secretary highlighted the drawbacks of usage of plastics. Dr. M.R. Lakshminarayanan, Principal of the College welcomed the gathering. Dr. Arasuparameswaran, Director- Academic introduced the resource person. Dr. R. Savithri, YRC Programme Officer, Dr. M. # WORLD ENVIRONMENT DAY

05.06.2021

The NSS, Eco Green Club and IQAC in association with the Department of Chemistry, Trinity College for Women, Namakkal observed "World Environment Day" on 5<sup>th</sup> June 2021.

In this regard, Dr. J. Mullaimanimozhi, Environmentalist, 92, Periyar Nagar, third street, Sri Raghavendra Apartments (B Block) Mambalachalai, Srirangam, Trichirappalli was the special speaker.

Owing to world environment day (5<sup>th</sup> June 2021), our College National Service Scheme, Eco Green Club and Internal Quality Assurance Cell in association with the department of Chemistry organized a one-day webinar event in the title of "A bird's view of Delhi Air Pollution" on 5<sup>th</sup> June 2021 (Saturday).

Now, India's population is roughly 140 crores. More or less 2 crore people are living in Delhi. It is one of the most populated union territories in India. It is one of the thickest population areas. The main and major sources of air pollution in Delhi include vehicle exhaust, heavy industry for example power generation, small scale industries like brick kilns, suspended dust on the roads because of vehicle movement and construction activities, open waste burning, combination of fuels for cooking, lighting and heating as well as in-situ power generation via diesel generator sets, she indicated. For the past few years, its pollution has been reduced on account of amendment of strict rules in Delhi Union Territory, she said.
