7.2 BEST PRACTICE-2

7.2.1 ENHANCEMENT OF STUDENT INTELLIGENCE

SELF LEARNING THROUGH SEMINARS

BEST PRACTICE: 2

TITLE OF THE PRACTICE:

ENHANCEMENT OF STUDENTS' INTELLIGENCE

'SELF-LEARNING' THROUGH SEMINARS

OBJECTIVE:

Each student has unique intelligence and they thrive in certain learning environments while struggling in others. The eight different types of intelligence, as put forth by Howard Gardner, are zeniths owing to the distinct atmosphere faced by the students. We encourage them to go ahead with seminars and to demonstrate their skills to their juniors.

Our objective is to bring out the potentialities of the students to the optimum and to create a standard in the teaching process by customizing their lessons and assignments, utilization of library resources, quizzes, open debates etc.

THE CONTEXT:

Learner-centered and constructivist teaching, multi-grade classes etc are the scenario in the Indian educational system which has been followed for many decades and proved to be successful.

Yet, we as a state of agricultural background and meager-livelihood of most parents, face problems in designing and implementing this practice, for a significant mass of our students come from rural sides. This proves to be a setback in achieving goals as we aspire. Our students do not get academic support from their family.

Owing to a financially low state, we have to inject the spirit of achievement and ambition in our students' first. The foundation that they receive from their school is not to a satisfactory level and our task gets harder. Hence we have to begin with shaping the very mindset of our student-folk and to offer a pivotal transformation of average to top in their learning process.

THE PRACTICE:

UTILIZATION OF LIBRARY

Lessons are customized fitting to the needs of every student with extra citations from library and net resources and assignments are given in such a way that the students refer and surf a lot to learn voraciously and feel the spirit of self-learning. Regular updating of general knowledge is possible.

DEBATES

Classroom democracy is always induced to raise questions after the class sessions without reluctance. Topics relevant for healthy discussions are chosen in advance and clues and guidelines for the debates are conveyed. Students are expected to prepare the raw material for debates and to present them in the class for peer-review. Debates range from the extension of syllabus covered to the scenario world-wide and feedback is sought from the students after every debate.

OUIZZES

Modern education requires more innovative ideas to sustain interest in the students and the teacher's task has to be something that is carried with real dedication and care towards the student community. Quizzes are always dynamic and enthusiastic that even an average student wants to be a part of it since they keep the atmosphere alive. Subject quizzes enable alertness as well as clarity in the learning process by avoiding monotonous methods.

SEMINARS

Academic seminars help engage in high-level debates and refine ideas and our students never miss such opportunities. Students get to know other people in their area of study and get access to new theories of the same. They also acquire presentation and communication skills which in turn mould their overall personality and prepare them for a rapidly changing future full of alien challenges.

Seminars within the campus are an immediate mirror of student personality while the peers get benefitted and reviews and feed-backs are immediately sought. Seminars boost up the self-confidence in the student community and enhance their self learning.

EVIDENCE OF SUCCESS:

Success is essential to any planned activity. It was the students of Mathematics who initiated the ESI subject for the first time. Later, following that, students from other departments also became interested in participating in this subject. Apart from University curriculum, the students acquired a knowledge and presentation of topics like Soft skills, Entrepreneurship, General Mathematics, Employment Opportunities, CA Examinations, E-Services, Computer and Information Technology, General Physics, Agriculture, Science & Technology, Commerce, Trade, Social Media, Linguistics, Current Trends, etc. The students actively participated in the initiative with the standard technology next to blackboard learning, ICT, which is in use in the college, and took the lessons in an excellent manner. Around 75 students participated in this program and expressed their talents through Power Point Presentation. While studying in college, they are also doing teaching work, so the idea of becoming a teacher has been imprinted on their minds as students. This kind of experience will help them in their future careers as teachers. Also, we post their artistic works on college websites and social networking sites. Some of the students commented that this method has increased their leadership qualities.

PROBLEM ENCOUNTED:

Students are given innovative periodical topics to take special classes to enhance their skill development. Some students voluntarily choose good topics by themselves. Only a few students come forward and take classes automatically. Some are reluctant to speak due to stage fear. However, with the aim of increasing the speaking skills of the students, we are giving them the necessary training to overcome their fear and improve their Personality Development. In the future we are going to provide this opportunity to all the students to bring out their skill development. Accordingly we continuously encourage them to face any challenges and achieve their goals in this competitive world. Especially considering the fact that English communication is compulsory for all, we offer them with necessary training.

Webinar Summary Report

ENHANCEMENT OF STUDENTS INTELLIGENCE

A Webinar on **Enhancement of Students Intelligence** was organized by the PG Department of Mathematics in association with RDIC & IQAC of Trinity College for Women and Namakkal on 19-06-2021 @ 11.15 am by using Digital Platform (Google Meet).

Ms.B.NANTHINI – II-M.SC MATHS, Department of Mathematics, Trinity College for Women, Namakkal was the Keynote Speaker.

The programme was attended online by nearly 90 participants including Faculty members and Students.

Ms.R.Suvedhaa, II - M.SC Mathematics, Trinity College For Women, Namakkal has welcomed the Delegates, Resource Person, Head of the Department and Respected Principal.

Ms.S.K.Mayurika, II - M.SC Mathematics, Trinity College for Women, Namakkal introduced the Resource person and moderated the session.

The Guest Speaker gave the elaborative talk on **Enhancement of Students Intelligence** the key points like

- ➤ Application of Mathematics
- ➤ Application of Statistics

The session ended with feedback and open house discussion.

The Webinar concluded with Vote of Thanks by Ms.J.Preethi, II - M.Sc Mathematics,

Trinity College for Women, Namakkal who expressed his gratitude towards the Management for their constants support and encouragement to conduct such enriching sessions. She further thanked them for their exemplary efforts in providing such platforms helping to reach great heights of success. The Webinar was very informative and well appreciated by the participants.

Impact Report:

It was a really knowledgeable and interesting session. All the students thanked our Key Speakers for inspiring everyone and looked forward to conduct more such webinars in the future

Club and IQAC in support of PG and Research Department of English organized a webinar event entitled "Don't Stop until you are proud" (Enhancement of Students Intelligence) on 25th June 2021 @ 10.30Am.An alumni of our college Ms.Nivya Nagarajan (Online Entrepreneur) & Ms.Kavya Subbaiah (Digital Learning Director) English has exposed enthusiastic speech in webinar. N.Nivya has given ideas about Online Entrepreneurship. She is a good artist. Therefore, she taughtthe students about her field in detail. Students asked their doubt how to become an excellent entrepreneur. S.Kavya gave awareness about digital learning. Her Speech delivered the importance of Digital learning. Students just exposed their queries on merits and demerits of Digital Learning. B.A English I, II & III Year and MA English I & II year students had attended in this webinar. Students also had lively interaction with the invitees. Everyone gave good feedback.

ENHANCEMENT OF STUDENTS INTELLIGENCE

A Webinar on **Enhancement of Students Intelligence** was organized by I-M.Sc Maths, Department of Mathematics, and Trinity College for Women and Namakkal on 29-06-2021 @ 11 am by using Digital Platform (Google Meet).

N. Dhivya, T. Elakkiya, M. Rasika, N. Madhumathi, I - M.SC MATHS, Department of Mathematics, Trinity College for Women, Namakkal were the Keynote Speakers.

The programme was attended online by nearly 98 participants including Faculty members.

Ms.M.R. Hemamalini, I – M.SC Mathematics, Trinity College For Women, Namakkal has welcomed the Delegates, Resource Person, Head of the Department and Respected Principal.

Ms.P.Priya, I – M.SC Mathematics, Trinity College for Women, Namakkal introduced the Resource person and moderated the session.

The Guest Speaker gave the elaborative talk on **Enhancement of Students Intelligence** the key points like

- > Application of Mathematics
- > Application of Statistics

The session ended with feedback and open house discussion.

The Webinar concluded with Vote of Thanks by Mrs.T.Deepa, I – M.Sc Mathematics, Trinity College for Women, Namakkal who expressed his gratitude towards the Management for their constants support and encouragement to conduct such enriching sessions. She further thanked them for their exemplary efforts in providing such platforms helping to reach great heights of success. The Webinar was very informative and well appreciated by the participants.

Impact Report:

All the participants were provided with e-Certificate.

Overall, it was a really knowledgeable and interesting session. All the students thanked our Key Speakers for inspiring everyone and looked forward to conduct more such webinars in the future.

"Modern Acoustics & Crystal World"

The PG Department of Physics, Trinity College for Women (Arts and Science), Namakkal has conducted an online event entitled "Modern Acoustics & Crystal World" on 18th August 2021 (Wednesday).

Ms.C. Kaviya, M.Sc-Physics (2019-2021) was the resource person. She described the application of acoustics is present in almost all aspects of modern society with themost obvious being the audio and noise control industries. Hearing is one of the most crucial means of survival in the animal world and speech is one of the most distinctive characteristics of humandevelopment and cultures.

Ms.R.Roshika, M.Sc-Physics (2019-2021) was the resource person. She explained about single crystals have a fundamental role in modern technology. Devices performances are limited by specific properties of materials. A good knowledge of structure and essential properties, allow tailoring new hybrid or composite materials. Basic properties of crystal line materials are the turning point in new composition creation. The properties of thin films with polycrystalline or epitaxial structure can be tailored, starting from the properties of the bulk crystalline materials. However, new crystalline materials require special processing route and technology in order to produce components of complex shape, with high reliability and low cost.

"Power of Positive Thinking"

The PG Department of Physics, Trinity College for Women (Arts and Science), Namakkal has conducted an online event entitled "Power of Positive Thinking" on 18th October 2021 (Monday). Ms. K. Sowmiya, M.Sc-Physics (2020-2022) was the resource person. She described the importance of positive thinking comes to realize that the more positive our thoughts the more positive our life will be. Some see this as the practical outworking of psychological principles: It is almost impossible for someone to allow in to their life something they feel they don't really deserve they will find a way to sabotage themselves if they ever do attract that thing into their life.

Enhancement of Student's Intelligence "Mystery

Behind Big Bang theory"

The PG Department of Physics, Trinity College for Women (Arts and Science), Namakkal has conducted an online event entitled "Mystery Behind Big Bang theory" on 18th December 2021 (Saturday).Ms. R. Mathiksha, Ms.S. Ezhilarasi, Ms.R.Kavethra, III-B.Sc-Physics, Trinity College for Women, Namakkal were the resource persons. They described the Big Bang hypothesis states that all of the current and past matter in the Universe came in to existence at the same time, roughly 13.8 billion years ago. At this time, all matter was compacted in to a very small ball with infinite density and intense heat called a Singularity. Suddenly, the Singularity began expanding, and the universe as we know it began.
