## ABOUT NDLI CLUB

National Digital Library of India Club (NDLI Club) is an enabler of career progression for students, job seekers, researchers and learners. NDLI Clubs are set up in institutes and nodal bodies, and these Clubs conduct events to facilitate students to develop knowledge, skill and traits beyond the regular curriculum which are essential for their progression in their respective professional domain. The events may be either physical or virtual. Virtual events are web-based and are conducted through the NDLI Club portal. The events are organized at the respective institute level or city/district/state/regional level or all-India level.

Development of knowledge, skill and traits needs access to varieties of learning resources. NDLI Club members can access a huge repository of free and open access learning resources, from anywhere and at any time, either through desktop PC or laptop or tablet or mobile, from the National Digital Library of India (NDLI) website. NDLI and NDLI Club are initiatives of the Ministry of Education (MOE), the Government of India, through its National Mission on Education through Information and Communication Technology (NMEICT). These are National Mission projects and part of the Digital India Mission of the country.

### My ELT Memories

Now, I am S. Priyadharshini, a student of English Literature. But I have worried a lot what will be I am... after my studies. ELT gave me a light sparkle, that learning is not a serious issue as I worried of. Anyone with adequate skills in English can shine in their place wherever he/she moves.

X. One important issue in ELT class is, we have misunderstood about the objective of the class. Our teachers have informed us that ELT classes focus on SPOKEN ENGLISH. Especially my friends thought that it would be like conversational classes and it would train them to speak in English.

So, we request you sir, to please focus on training us to enhance our English and then train us to become a trainer.

My ELT Reactions

My ELT Memories....

I didn't expect such class that is organised in our college. I have gained some practical knowledge of Reading and writing skills of English. It really made me to learn more about English. The Events which are conducted are playful and also helps me to gain knowledge.

I had some qualities after attending these ELT classes. The events also improves group discussions. In behalf of my suggestions the Events may contain some games investigating and more thrilling.

I have seen a teamly competitions but individual is not guessed by a teamly performance. The above was my opinion. But If you can judge accurately it's better. Some of us has stage fear still and I want to you to find them and give them a chance once again.

Thank you

### My ELT MEMORIES ..

First Impression is best Impression. When we attended your first class and we joined in this course. You gave us some hope sir that we will improve our skills through this course. We did 'n' number of activities in this course and we really enjoyed and learned many things.

Second most important thing we learned what is, "Team" and its importance. And how to manage with everyone and so on. Different teaching aids we learned from this course. Every activities, ppt, informative sessions are perfectly blended so that our concentration is there in class. we does not get distracted.

At last, we will miss this fulfilled informative class and these activities. Everything was new to us at first, but now when we turn back, it feels like we have ~~le~~ learnt something and in future we will use these aids to teach our class students.
