

TRINITY COLLEGE FOR WOMEN

7.2.1 BEST PRACTICES - 1

**FREE BUS FACILITIES FOR
STAFF AND STUDENTS**

Best Practices-I

TITLE : “ FREE BUS FACILITIES FOR STAFF AND STUDENTS ”

Objective

We operate free buses for the benefit of our college students to make their educational journey easy.

Context

Most of our students are from rural backgrounds; we operate buses on the interior sides so that they can take buses easily, which is helpful for the students.

Practices

We have operated free buses for nearly 23 years for college students. A lion's share of students were benefited by this. This practice helps, apart from parents. Travel stress will be removed because of the free bus. We run 50 free buses that cover approximately 40 kilometres..

Evidence

Due to the execution of this practice, the Trinity Educational Institutions have to pay a higher amount. Trinity Matriculation School and Trinity International Schools, which run under Trinity Educational Institutions, give their support to run this practice successfully.

Problems

The majority of the students who study at Trinity College for Women are from rural areas; they are coming from interior places. We cannot provide additional buses for all parts.

Notes

Though we are affected by fuel costs, transportation, driver and cleaner salaries, insurance, and other maintenance, we provide these free bus facilities, and they will be continued in the future.
