"ALL ARE CORDIALLY INVITED"

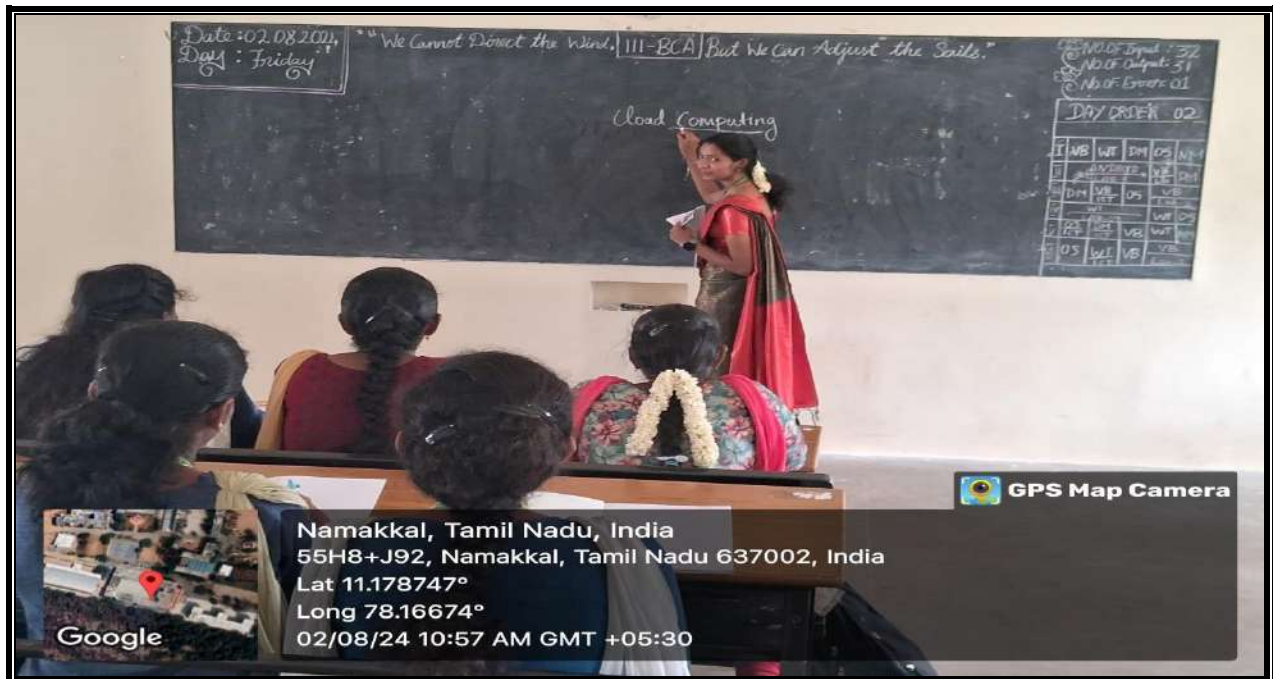

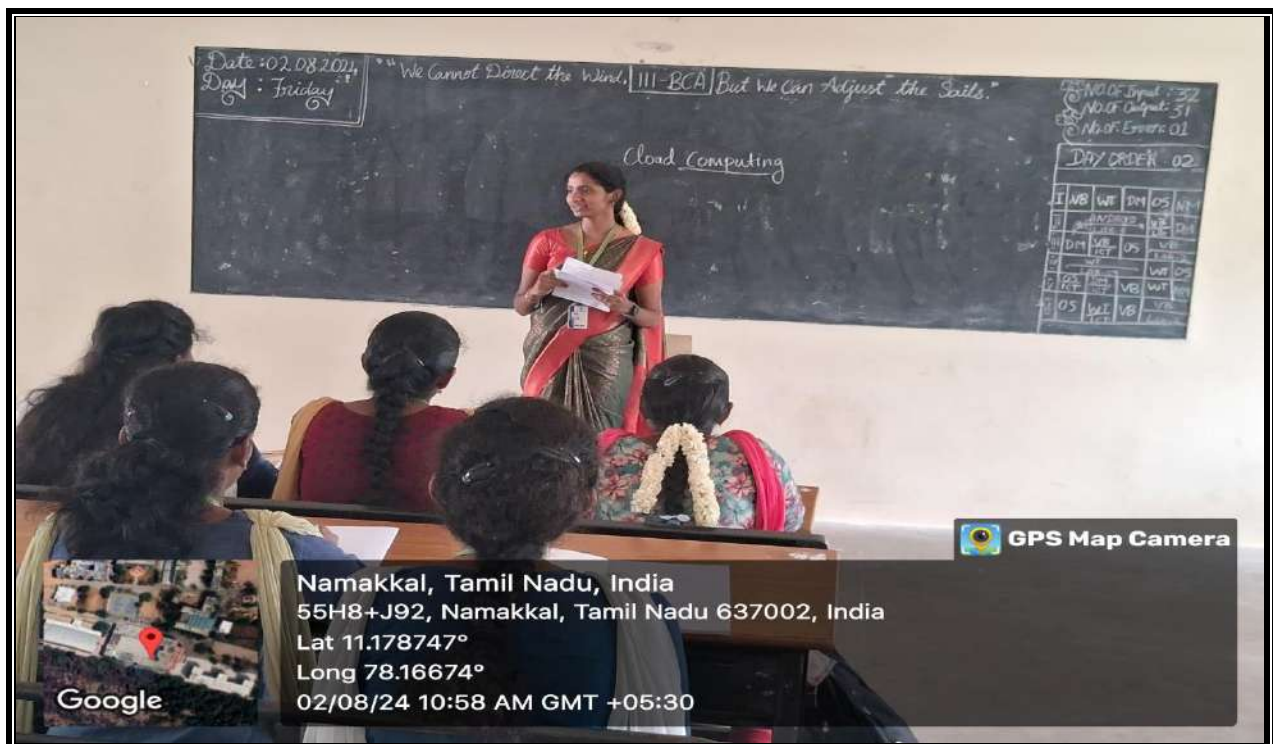

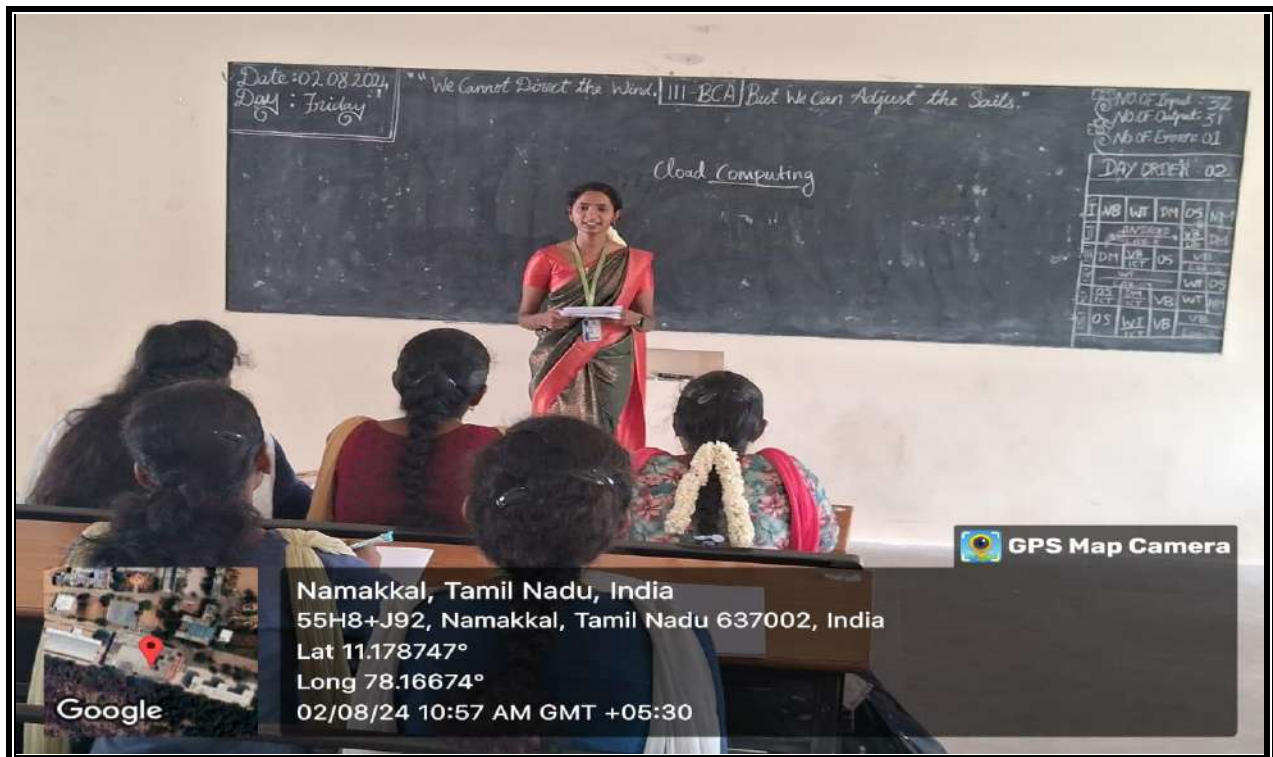

ESI (Enhancement of Student's Intelligence) Programme for the students of Computer Applications

The College enables the students during their course, develop leadership skills, increase personality traits and strengthen intelligence through motivation for individual talent and to get rid of stage fear. Most of the students take active part in such programmes and they shape themselves to handle classes for their batch mates and juniors. Concurrently they achieve self-growth besides the university syllabi in addition.

Industrial visit for the students of M.Sc., Computer Science

Web designing is the process of preparing and creating websites. It covers several different aspects, inclusive of web page, layout, content production, graphic design, etc., On this subject, for the purpose of creating practical knowledge about website development, the department of Computer Science, Trinity College for Women, Namakkal has arranged a field trip on 12th August 2024.

All the students of M.Sc., Computer Science along with the faculty members of Computer Science went to Trichirappalli, and they looked around the software IT company M/s. Don Bosco Society (Don Bosco Media, 3/121, South Paganur Road, Manikandam, Trichy), Trichirappalli. The resource person, Mr. Brito Francis, Centre Head, Don Bosco Media and Animation College, Manikandam, Trichirappalli, has given a website training programme titled “Pedagogy of World Wide Web and internet development strategy”. Also, he explained the creation of the internet website, like home page, about page, contact page, service page, blog page, privacy policy page, terms of service and so on.

Dr. N. Elamathi, Assistant Professor and Head, Postgraduate Computer Science & IQAC Coordinator and Dr. K. Vijayakumari, Assistant Professor of Computer Science and Website Stream-liner and Developer, Trinity College for Women, Namakkal also took part in that industrial visit. All the final year M.Sc., Computer Science, of the College, actively participated.

ESI (Enhancement of Student's Intelligence) **Programme for the students of Computer** **Applications**

The College enables the students during their course, develop leadership skills, increase personality traits and strengthen intelligence through motivation for individual talent and to get rid of stage fear. Most of the students take active part in such programmes and they shape themselves to handle classes for their batch mates and juniors. Concurrently they achieve self-growth besides the university syllabi in addition.

Indian Institute of Remote Sensing-ISRO

Indian Space Research Organisation

Department of Space, Government of India

We are delighted to announce that Trinity College for Women, Namakkal, has been recognized as a Network Institute under the Indian Institute of Remote Sensing (IIRS), Indian Space Research Organisation (ISRO), Department of Space, and Government of India. This esteemed inclusion in the IIRS Outreach Network enables our institution to access and participate in online training programmes aimed at expanding knowledge and skills in remote sensing, geospatial technologies, and their applications.

Through this collaboration, our students and faculty will gain the opportunity to learn from experts at IIRS-ISRO, bringing cutting-edge developments and advancements in space science and remote sensing technology directly to our institution. We encourage all eligible participants to register and actively engage in these courses, as they are designed to equip them with insights and technical skills highly relevant in today's technology-driven world.

We are committed to fulfilling our roles and responsibilities as a coordinating institute, ensuring the smooth and successful conduct of these outreach programmes. Further communications regarding programme details, course requirements, and registration will be provided to participants. We look forward to a fruitful engagement with IIRS-ISRO and the knowledge enrichment it promises for our institution and students.

Best wishes to the faculty and students of Computer Science

The Department of Space, Government of India & Indian Space Research Organization, Indian Institute of Remote Sensing, Dehradun, Uttarkhand state, jointly organized a one day online one month programme (27th August 2024 to 20th September 2024). In this regard, the following faculty members and students of Computer Science of our College (Trinity College for Women, Namakkal) have completed the online course in the title of "Remote sensing and digital image analysis".

**ESI (Enhancement of Student's Intelligence) Programme for the students of
Computer Science**

The College enables the students during their course, develop leadership skills, increase personality traits and strengthen intelligence through motivation for individual talent and to get rid of stage fear. Most of the students take active part in such programmes and they shape themselves to handle classes for their batch mates and juniors. Concurrently they achieve self-growth besides the university syllabi in addition.

Observation of international computer literacy day

On account of world computer literacy day (02nd December), the department of Computer Science, Trinity College for Women, Namakkal, conducted a programme titled “Why do we need digital skills for a digital world?” on 02nd December 2024. This programme was held through the virtual mode of Google Meet.

Dr. N. Elamathi, Assistant Professor and Head, Postgraduate Department of Computer Science & Coordinator – Internal Quality Assurance Cell (IQAC), Trinity College for Women, Namakkal was the resource person.

Information Technology has become an integral part of our life. Computers play an important role in all fields. During the COVID 19, Computer’s role was very significant for all learners. Especially, virtual online sources like Microsoft teams, skype, zoom, webex meeting, zoho meeting, Gotomeet, etc., were very useful and helpful for all the people, including students also, she denoted.

100 students and the faculty members of the College actively took part.

About the College

Trinity College for Women (Arts and Science). It was started in the Year of 2000 with the aim of imparting higher education to women students. Our Motto is "Knowledge is Power". The college aims to Install Discipline, Education and Service".

IQAC

In pursuance of its Action Plan for performance evaluation, assessment & quality up-gradation of institutions of higher education, NAAC proposes that every accredited institution should establish an Internal Quality Assurance Cell (IQAC) as a post-accreditation quality sustenance measure. Since quality enhancement is a continuous process, the IQAC will become a part of the institution's system & work towards realization of the goals of quality enhancement & sustenance. The prime task of the IQAC is to develop a system for conscious, consistent & catalytic improvement in the overall performance of institutions. For this, during the post-accreditation period, it will channelize all efforts & measure of the institution towards promoting its holistic excellence.

IIC

The Ministry of Human Resource Development (MHRD) Government of India has established the "Institution Innovation cell" Research Development and Innovation cell to systemically foster the culture of innovation amongst all Higher Educational Institution.

-2-

The Main aim of IICARDIC is to encourage inspires and nurture faculty member as well as young students by supporting them to work with new ideals and transform them into prototype while type are informative years.

Objectives

- Enhance teaching methodologies: Update faculty on innovative, student-centric teaching approaches.
- Improve curriculum design: Familiarize faculty with modern curriculum development techniques.
- Integrate technology: Train faculty to effectively use technology for teaching, learning, and assessment.
- Develop assessment and evaluation techniques: Improve faculty's understanding of various assessment methods.

Benefits of Faculty

- The Faculty Development Programme (FDP) plays a crucial role in enhancing the effectiveness of learning and teaching in academic institutions.
- FDP promotes collaboration among faculty from different disciplines.
- Leading to innovative teaching and research practices and a broader perspective on education.

ABOUT THE COLLEGE

NPR Arts & Science College (NPRASC) is an organization of NPR Group of Institution (NPGI) was established in the year 2005. It is a Co-educational Self-Financing Institution, affiliated to Madurai Kamaraj University, Madurai. The institution got 2(f) status under UGC Act of 1956. Our college has 100+ faculty members and they cater to the needs of 1500 students on roll.

ABOUT THE DEPARTMENT

The mission of the Department is to offer a high-quality science education in the science of computing, as well as to prepare students for career opportunities in this area requiring a high level of technical knowledge and skill. The Department will continue to develop and administer programs which serve the needs of industrial computer scientists, researchers, and computer application specialists for whom the discipline of computing sciences provides indispensable tools. The student gains a strong foundation and skills in the field. The infrastructure provides an excellent environment for the student to contribute effectively in the field.

ABOUT THE CONFERENCE

ICETCSMA'25 is the flagship conference of our college. The first edition of the ICETCSMA was held in the year of 2018. The main theme of the ICETCSMA'25 is to discuss the developments in Computer applications in Science, Engineering, Business and Technology. The presented papers of ICETCSMA'25 will be available in the proceedings. The 2nd International conference on Evolving

Technologies in Computing Science for Multidisciplinary Applications will be held on January 7, 2025 and January 8, 2025 in offline / virtual mode. ICETCSMA'25 conference will host Keynote Lectures and Oral Presentations on all aspects of Computer Science and related branches. Researchers invited to speak, will present the latest developments and technical solutions in the areas of Computer Science and Technologies like AI/ML/DL.

***** Good wishes to Dr. S. Usharani and Dr. K. Vijayakumari,
Faculty of Computer Science**

The Department of Computer Applications, Information Technology and Computer Science, NPR Arts and Science College, Natham, Dindigul District, in collaboration with ICT Academy, conducted a two-day international conference titled “Evolving technologies in computing science for multidisciplinary application” on 07th and 08th January 2025 in the College campus.

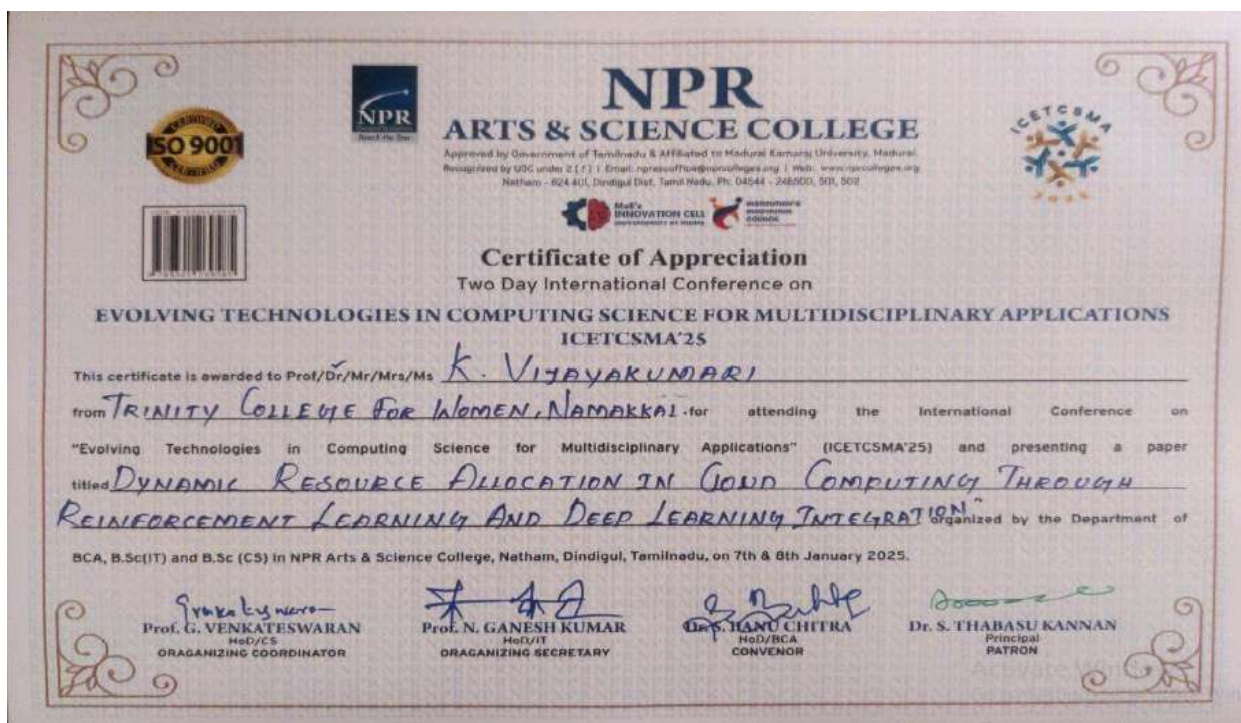

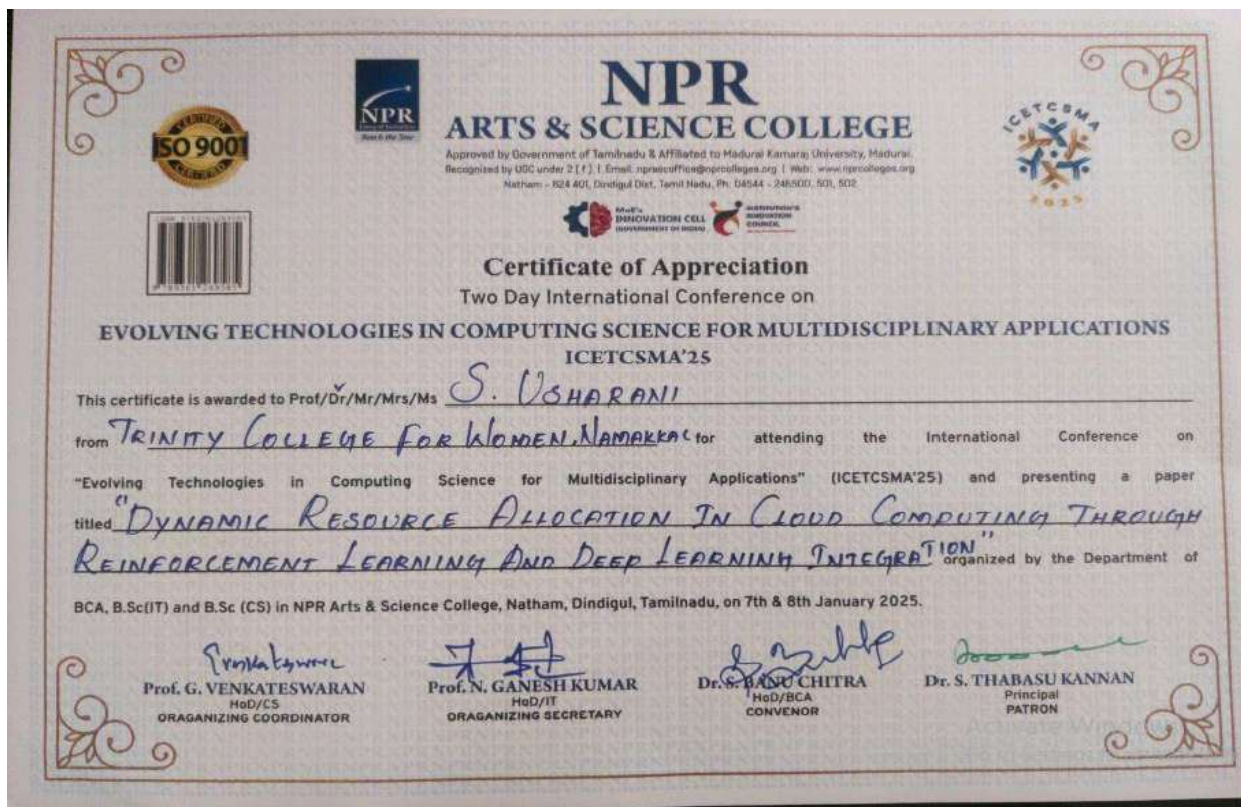

The various topics like intelligent computing, cloud computing, green computing, pervasive computing, nano computing, information system, data science, cyber security, big data analytics, image recognition, graph theory, bioinformatics, stochastic process, geo informatics, internet of things, robotics, machine learning, operations research, emotional intelligence, E-Governance, chem informatics, simulations, automated theorem, multimodel IRS, speech technologies, mathematical modelling, climate change, national language processing, mathematical physics, mathematical chemistry, theory of computation, health care, contact creation, augmentation and so on.

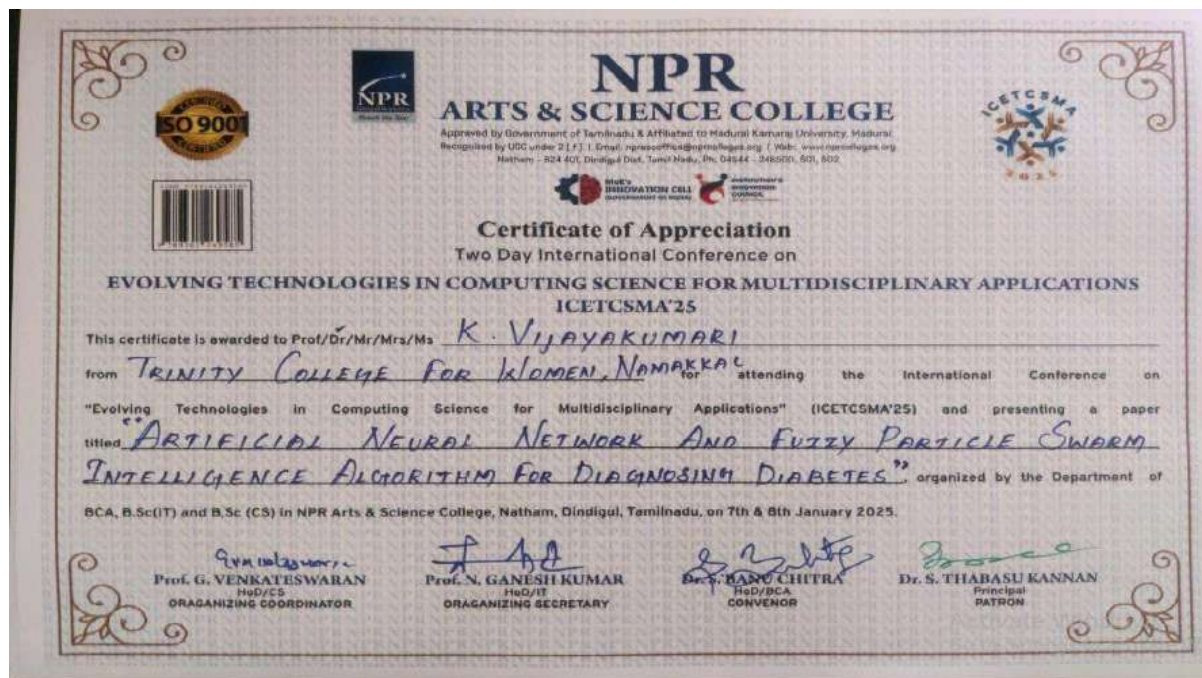

In this regard, Dr. S. Usharani & Dr. K. Vijayakumari, Faculty of Computer Science, Trinity College for Women, Namakkal participated and presented their research papers in that conference.

The details were as follows:

Name of the Faculty	Topics of their research article (s)
Dr. S. Usharani & Dr. K. Vijayakumari, Faculty of Computer Science, Trinity College for Women, Namakkal	Dynamic resource allocation in cloud computing through re-inforcement learning and deep learning integration & Artificial Neural Network and Fuzzing Particle Swarm Intelligence Algorithm for diagnosing diabetes.

Both the faculty members are greeted by Mrs. Aruna Selvaraj, Executive Director, Dr. M.R. Lakshiminarayanan, Principal, Dr. Arasuparameswaran, Coordinator – Silver Jubilee Celebrations, the faculty members of Computer Science Dr. N. Elamathi, Dr. R. Navamani, Mr. N.S. Return travel should be after 7:00 PM on 24th January or before 9:00 AM on 25th January

If you are not able to join the program due to any reason, please send me an email latest by 13th January 2025 and keep your respective IPO / Principal / Dean in cc.

Instructions to reach the campus:

Infosys MCity (Chengalpet) Campus is almost 60 Kms away from the Chennai Central Railway Station. If you are travelling by train, the nearest railway station to MCity Campus is Paravur Railway Station. To reach to Paravur Station you would need to alight at Chennai Central Railway station and walk towards Park Station. Frequent Local trains depart from Park stations towards Paravur Station. You can also avail radio taxi -Ola/Uber or local cabs from the railway station. However, there are no direct city buses that ply between the Central railway station and MCity Campus. The buses that ply from Coimbatore, Salem and near-by areas towards Chennai route through Mahindra World City Bus Stop. The Campus is approximately 4 Kms away from the Bus Stop and is accessible through Autos till 8:00pm.

Please note post 07:30pm, the frequency for local trains, bus and cabs declines and there could be either limited or no access to public transport. Request you to plan your travels accordingly.

Please reach out to 24/7 ECC reception desk for guidance 0824 3096700.

Attached is the Instruction sheet for the program.

I am the program coordinator, please feel free to connect with me at +91 9902771817 for any clarifications/ issues related to the program.

Start-up Innovation Programme

The Entrepreneurship Development Cell, The Institution's Innovation Council, Internal Quality and Assurance Cell, in support of Departments of Commerce & Computer Science, Trinity College for Women, Namakkal jointly conducted an interactive session titled "Achieving Problem-Solution Fit & Product – Market Fit" on 10th February 2025 (Monday). It was held through the platform of Google Meet.

Dr. V. Dheenadhayalan, Associate Professor and Head, Postgraduate and Research Department of Commerce, Arulmigu Subramanya Swamy Government Arts College (Deputation from Annamalai University, Annamalai Nagar, Chidambaram), Tiruttani, Thiruvallur District was the resource person.

The higher education system of India is considered as one of the biggest in the world in respect of the number of higher educational institutions and stands in the top three largest startup ecosystems. In the last decade, the Indian higher education system has grown by nearly 80 per cent. Now, India has more or less 41450 higher educational institutions and an annual enrolment of 2,84,84,746 students. Entrepreneurship and start-up policies play an important role in the economic and social growth of a nation. There are plenty of opportunities for young entrepreneurs for start-up programmes. More benefits are available for young business industrialists, such as the Mudra yojana loan scheme, tax benefits, financial benefits, innovative promotions, tax exemption, networking opportunities, national intellectual property rights policy, AIM (Atal Innovation Mission), etc., Planning, investment, team work, modifying the trends of customers, creating new innovative ideas, utilization of resources and implementation of strategies are needed for start-up, he said.

Dr. M.R. Lakshiminarayanan, Principal, Trinity College for Women, Namakkal presided over the webinar. Dr. N. Elamathi, Coordinator, IQAC, Dr. M. Sasikala, NSS Programme Officer (Unit 1), Dr. A. Vijayasarithi, Coordinator – IIC and the members of various cells took part.

Nearly 100 students benefited through that programme.

Temple Visit – Students of Computer Science

64 students of Computer Science, Computer Applications and AI & DS (Artificial Intelligence and Data Science) from Trinity College for Women, Namakkal visited Sri Arthanareeswarar Temple, Tiruchengode Town in Namakkal District on 15th April 2025.

This temple is one of the seven Sivasthalams in the Kongunadu region. The presiding god is depicted as half-male and half-female, vertically to represent Shiva and Parvati worshiped in one form, and they learned about the history of the temple from the priest of the temple.

The faculty members of Computer Science, Dr. N. Elamathi, Dr. R. Navamani, Mrs. D. Prabha, Mrs. V. Gayathri and Mrs. P. Navajyothi also took part in that temple visit.
